

Canada/USA Mathcamp: Off-Campus Permission

To the parent/guardian filling out this form: Students at Mathcamp are allowed to leave campus without staff supervision. However, there are certain restrictions:

- They must remain in groups of three or more students.
- Groups must check out at the Mathcamp office before leaving campus. When they do, the staff member on duty will ask the students for a plan (where are you going? how will you get there? what time will you return?) and a cell phone number at which they can be reached.
- All groups must return to campus by the end of sign-in (10pm) and check in at the Mathcamp office.

Students may not leave campus alone. Further, students may not leave campus accompanied by adults who are not Mathcamp staff *unless express permission is given by a parent or guardian in advance.*

This is a permission form to allow for parents to list the names of relatives or family friends who are permitted to take the student off campus, including for overnight visits. Please apprise the Mathcamp staff at least 24 hours in advance of plans for approved adults to take students off-campus; you can reach the Mathcamp office by telephone at (888) 371-4159.

Name of student: _____

Name(s) of approved adult(s): _____

Contact information (email, telephone) for approved adult(s): _____

Signature of Parent/Guardian: _____ Date: _____

Your permission form can be submitted in any of the following ways:

- By email: to mc@mathcamp.org, with the signed form attached as a PDF
- By fax: to (888) 371-4159
- By mail: to Canada/USA Mathcamp, 129 Hancock St, Cambridge, MA 02139, USA
- In person: the student may bring the permission form to Mathcamp and submit it during registration on the day of arrival.

Thank you!

The Mathcamp Staff
